We Know the Business of
Technical Communication

tekom Europe

Your Professional Association for Technical Communication in Europe

Who We Are:

tekom Europe is the largest association for technical communication worldwide, connecting more than 9,500 professionals who are active in technical communication and related fields. The association was founded in Germany in 2013.

tekom Europe brings together 12 country organizations and 3 corporate members (COM&TEC in Italy, tekcom Deutschland and Tecom Schweiz).

What We Stand For:

tekom Europe

- represents the professional interests of its members
- enables the exchange of best practices and knowledge among its members
- appoints experts to work on international standards and guidelines for documentation
- develops and defines the occupational profile
- creates awareness of the profession
- is an opinion leader in innovative subjects in the field
