

Technical Writer (f/m/d)

Technical Communication and Information

VIENNA FREQUENTIS AG FROM NOW ON FULL TIME

Job Introduction

Frequentis Group with headquarters in Vienna is an international supplier of **communication and information systems for control centers with safety-critical tasks**. Worldwide, more than 500 customers in around 150 countries with more than 40,000 workstations trust our know-how and many years of experience.

Documentation accompanies a product throughout its life cycle. The **TCI (Technical Communication and Information)** department produces customer documentation throughout the company.

As a technical writer, you will facilitate access to complex technical content for internal and external customers through target group-oriented communication and design.

To support our **well-established editorial team**, we are looking for a new colleague for a long-term collaboration.

Key Tasks

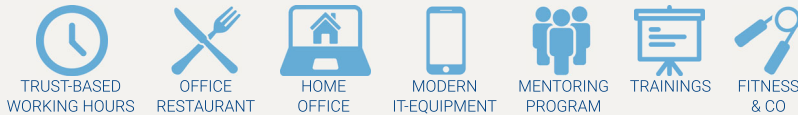

- You create product or project-related content (e.g. maintenance and operating instructions) in English and German
- You research technical issues in close cooperation with specialist departments and present them in a user-friendly manner
- You will work with colleagues from the development department and verify technical interrelationships directly on the systems
- You work with an editorial system and/or Microsoft Word

Key Qualifications

- Technical education (HTL, FH, Technical University) or FH "Technical Documentation"
- Professional experience as a technical writer
- Excellent knowledge of German and English
- Experience with an editing system, ideally experience with MadCap Flare
- Strong technical understanding as well as structured and independent way of working
- Strong communication skills and ability to work in a team as well as a high affinity for technology

Frequentis Benefits

We offer you long-term career opportunities in a profitable Austrian company with a corporate culture where you count as a person. We are located in a modern office building with good public transportation connections.

Annual Gross Salary
EUR 45.000

Your individual salary is based on your professional experience and qualifications and is part of our attractive total package.
